MORE INCLUSIVE AND EQUITY SOCIAL PROTECTION FOR MARGINALIZED WORKERS IN ASEAN

JANUARY 2017 – DECEMBER 2021

OXFAM
Inclusive and Equitable Social Protection for Marginalized Workers program enrolls in the thematic “Decent Work” and its strategic objective to promoting decent work for sustainable, equitable, solidarity and inclusive development. We contribute to two specific objectives: “Social protections for all” and “Promotion of social dialogue for all.”

**WE ARE OBTAINING NATIONAL IMPACT BY USING A COMBINATION OF STRATEGIES:**

- Working with a wider constituency of marginalized workers’ groups
- Creation of national and widely supported advocacy coalitions for specific demands for social protection
- Ensuring that marginalized worker’s are empowered for social dialogue, competences with members’ support
- Ability to create advocacy opportunities, public campaigns and social dialogue
- Cooperation across borders in regional networks to jointly monitor the roll out of the ASEAN Action Plan for Social Protection with focus on 3 crucial issues: increased inclusiveness, reduced gender gap and increased financing of social protection.

**SPECIFIC OBJECTIVE FOR CAMBODIA**

About 78,000 organized marginalized workers in Cambodia, in particular women, can increase their economic and social resilience by influencing the relevant decision makers to expand, finance and deliver social protection more effectively and equitably.

**THEMATIC FOCUS**

- Social security for informal garment workers with homebased or sub-contract enterprises.
- Decent work for marginalized workers in general services including: entertainment, food and beverage, supermarkets, gasoline stations, waste collection, public transportation, street vendors, and domestic workers.
- Social protection for small scale farmers, especially women’s farmers
- Women empowerment and gender equality with garment workers, sex workers
- Youth engagement in social protection especially with youth who are working in informal sectors

**KEY STAKEHOLDERS**
